<b>Pearson / Prentice Hall</b> (Interim 1 - 2004)	<b>Becoming a Teacher</b>	<b>Parkay et al.</b>	<b>2004</b>	<b>9-12</b>	
	Key Features: Building upon a strong “mentoring” message that has long been the tradition of Becoming a Teacher, the Sixth Edition helps students make difficult decisions about their teaching future by fostering an awareness of the realities of teaching in America today. A new “Meeting the Standards” feature in every chapter provides prospective teachers with guidelines on developing the skills necessary to meet the performance standards on teacher development set forth by INTASC, NCATE, PRAXIS, and NBPTS. A dedicated technology chapter and “Technology Highlights” feature critically explore the ever-changing uses of technology and the internet and their impact on teaching. End-of-chapter critical thinking questions closely correlate the text with the Video Workshop clips on the CD-ROM to assist students when they apply general concepts to the classroom.
